LASA 2027
INTERNATIONAL CONGRESS

Submission Proposal Instructions for Section Chairs

Deadline: September 9, 2026, 17:00 hrs, ET.

What is a Section Panel Proposal?

A **Section panel proposal** consists of a group of current members of a Section who want to send their individual proposals together as a preorganized panel. A Section panel proposal is approved and submitted by the Section chairs to represent that Section. That is to say, it does not need to be considered by a track chair. Each LASA Section has a specific number of panels at each Congress.

If you would like to submit two panels whose themes have continuity, meaning the second panel is a continuation of the first one, please submit them as two separate panel proposals. Additionally, please make sure they are both submitted by the Section Chair within the Section Panels, and not as regular panels. The titles should be the same for both panels indicating the order (Part 1 and Part 2). Labeling the panels as mentioned above is important for both panels to be scheduled in chronological order: Part 1, and then Part 2.

Please keep in mind that we cannot guarantee that the panels will be held one immediately after the other or in the same room. However, we will ensure that Part 1 is held before Part.

Before you begin, please note:

- All Section sessions proposals must be entered into the system by the Section chair or co-chair only. If you are not a Section chair, you will not have access to submit a Section session. To access the system, your LASA and Section memberships must be valid until at least September 10, 2026.
- All panel participants must be current LASA and Section members. Memberships must be renewed by **September 9, 2026, 17:00 hrs, ET**. As an alternative to LASA membership, you may have a current All Access subscription (membership + congress registration with discount). For

other key dates, please click [here](#).

- If a name does not appear in the proposal system, it is because that person is not a current LASA member. Please ask them to join or renew their LASA [membership or All Access](#) subscription as well as their Section membership.
- You will not be able to save a proposal in the system to continue working on it later. You must first submit the proposal before you can edit it. Once successfully submitted, you will see a confirmation message on your screen and receive an email. You will be able to edit the proposal until **September 9, 2026, 17:00 hrs, ET**.
